## WOMEN PREPARING FOR ANNUAL BAZAR

Expense of Fixing Up the Deanery.

The ladies of St. Mark's cathedral are annual bazar, to be held in the church parlors December 9 and 10. As they have had the deanery thoroughly overhauled the expense has been renovated, about \$1500, and this amount they must raise from the bazar, hence unusual efforts are being put forth to make the event the most successful one in church

event the most successful one in church history.

The ladles of the parish residing in the northeast portion of the city have recently organized an auxiliary guild, which will be of great assistance-so the mother guild. This is called the East Side Branch of the Women's Guild of St. Mark's cathedral. This branch will have the famey work booth in its charge, and it is expected that every member of St. Mark's parish will contribute at least one article to this booth. The ladles of the new guild each pledged themselves to contribute three articles.

The East Side guild will open the bazar the evening of the 5th with an oysier supper, under the supervision of Messames Woodcuff and Allson, at which time the lazar will be formally opened, and continued throughout the following day. On the 10th the mother guild will give an claborate threchoog which will be made the especial event of the fair. It is expected that this will prove popular and that the ladles of the parish will entertain parties of friends, tables to necommodate any number being reserved upon request. Tickets will be on sake soon for both the oyster supper and the function, and can be secured from members of either guild.

The Altar society will have charge of a fortime-felling booth, and the Girls' Friendly society will namage the candy booth. Other booths will be added, making a most attractive whole.

Vote the American ticket and let's have good street crossings as well as good sidewalks. Two more years of American rule will lift Salt Lake out of the mud in every section of the
